

Planetary Influences upon Plants: Cosmological Botany

By Ernst Michael Kranich

Bio-dynamic Farming & Gardening Association Inc., U.S.
Paperback. Book Condition: new. BRAND NEW, Planetary Influences upon Plants: Cosmological Botany, Ernst Michael Kranich, One of the fundamental concepts of biodynamic agriculture is how the sun, moon and planets affect plants. Ernst Michael Kranich's book describes the growth patterns, leaf placements and flower forms of different plant families and how they are clearly connected to the rhythmic activity of specific planets. The book contains illustrations which demonstrate the connection between the orbital paths of planets and the shapes found in particular plants.

Reviews

This composed book is excellent. it was actually writtern very perfectly and valuable. I found out this book from my i and dad advised this book to learn.

Here is the finest ebook i have got read until now. It really is simplistic but excitement within the 50 percent in the book. Once you begin to read the book, it is extremely difficult to leave it before concluding.
