Copper Wings Press, United States, 2014. Paperback. Condition: New. Cher Odum (illustrator). Language: English . Brand New Book ***** Print on Demand *****. What truths are women told about who they are and how they should behave? What tales do they tell themselves? Author Cherie Renae writes: We re told we re too stupid, too smart, too thin, too fat. We hear that our feet are too big, our bust is too small, our dreams are too large, our hips are too wide. Worst of all, we ve told ourselves these lies. With these tales, I invite us to shout down our self-denigrating cries. Here is the truth: women are fabulous at every age and size. Faie Fables is a series of one-page fables, beautifully illustrated by female-empowering artist, Cher Odum. It challenges women to re-envision their lives and their dreams. These lyrical, engaging stories are accompanied by Postnotes (with questions) to further engage the reader, and the colorful images are a feast for the eyes.
