Driving On Motorways: Fully Instructional (Paperback)

By Greeny

AUTHORHOUSE, United States, 2006. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.My book consists of Motorway driving from start to finish, fully instructional, and the reason I decided to write this book is because throughout my career as a driving instructor I can t find anything fully instructional in a book anywhere about driving on Motorways safely. We have a very good network of Motorways around the country but we have not been told how to use them safely. I know a lot of people who are afraid to use them. When you take a pupil to test and they pass, its very difficult to sell them Motorway lessons because of the extra cost and they tell you that they will sort it out for themselves as they are allowed to go straight on a Motorway on their own so this is why I decided to write a book consisting of a complete journey from A-Z on how to do that journey safely and I am sure it will sell very well as it is a much needed book.
