### ***Reviews***

*This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

## FOUR HUNDRED BONES: STALIN S TEETH IN ACADEMIA (PAPERBACK)

Trafford Publishing, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book is about -Stalinism- and the -Thought Police- in academia during the Communist regime. The setting is the School of Medicine in Bucharest, Romania. The year is 1949. With the Communist takeover, Western biology and medicine are declared an Imperialist enemy science and only Soviet Pavlovism and Lysenkoism are accepted. All Western textbooks are banned from the library and interdicted. Individuals who do not conform to the new directives are dismissed and arrested. The irony is that the present Communist leaders are the ex-Fascists of the past Nazi dictatorship. (During World War II, Romania was allied with Hitler s Germany.) The main protagonist of the book, Peter, the young science-loving technician devoted to and inspired by the principles of his old mentors, is locked in a serious conflict with the new, opportunistic authority figures. He is determined not to give in to their pressure.
